

# 2026 Stowe Trails Partnership Sponsor Program

Stowe Trails Partnership is a non-profit organization that maintains over 38 miles of multi-use trails that support a vibrant recreation culture in Stowe. The trails in Cady Hill Forest, Adams Camp, and Sterling Forest are a valuable resource for the Town and provide recreational, economic, social, and health benefits throughout the community. It is our honor to manage these trails, but maintenance and construction costs are between \$7 and \$10 per linear foot of trail. So the more you can give, the better the trails!
